

ISAAC IS BORN

Patient Planting

Activity

Abraham and Sarah waited patiently for God's promise to be fulfilled. It's not easy to wait, not for adults, and especially not for children. In this activity the children will plant some seeds. They will have to wait days before they can see the plant sprouting in the dirt. Let the children know that sometimes we have to wait on God.

Procedure

- Help the kids plant seeds in the dirt (either in a pot or in the ground).
- Talk about how sometimes God makes us wait for things to happen. Just like Abraham and Sarah had to wait for baby Isaac they have to wait for the plant to blossom.
- Allow the children to water the plant daily so they can check on its progress.

Explanation: Remind the children that sometimes we have to wait on God.
