

# E LIJAH AND THE WIDOW

## Endless Jar

### Activity

The widow thought she only had enough flour and oil to make one meal for her and her son. Because she did what God asked and fed Elijah first the little bit of oil and flour did not run out. This activity is a reminder that God will take care of us.

### Material

Endless Jar Printout  
Oil  
Construction Paper  
Glue  
Marker

### Procedure

- Print off and cut out Endless Jar printout on the following page.
- Put a small amount of oil in a small glass bowl (less than a tablespoon).
- Have the children dip their fingers in the oil and "paint" on their jar.
- Hold the jar up to the light and it looks like the jars are "filled with oil".
- Talk about how God took a little of oil and made it into lots of oil.
- Glue the jar to double layered construction paper (so the oil wouldn't seep through), and write "God Cares for Us" on the page, to remind us that God cares for us and takes care of us, just like he took care of the widow.

**Explanation:** Remind the children that God will take care of us.
