

SALT AND LIGHT

Bright Light

Activity

In a world that is filled with so much darkness, God wants his followers to be a bright light. In a world that is growing worse day by day, God wants his followers to preserve it and to keep it from going completely bad. We do this by doing good and showing others Gods love. In this activity the children will learn some way we can show Gods love through our actions.

Materials

Cardstock Paper
Squeeze bottle of glue
Liquid water colors
Paint brush or droppers
Table salt

Procedure

1. Print the "Bright Light" activity on the following page.
2. Trace the design with the bottle of glue.
3. Sprinkle with salt until the glue is thoroughly covered.
4. Let excess salt fall away.
5. Dip the paint brush into liquid water color paint then gently touch to the salt-covered glue lines. The paint will "magically" travel in both directions! (Let dry thoroughly.)
6. Discuss some ways we can show Gods love through our actions.

Explanation: Remind the children that we can teach others about God through our good deeds.
