

# THE TOWER OF BABEL

## "Learning Languages" Activity

### Activity

The people of Babylonia should have been giving praise to God, instead they wanted it for them-selves. They decided to build a great tower for their praise. God put an end to their project by causing the people of Babylonia to speak different languages so they could not communicate. Today there are many different languages spoken. In this activity, the children will learn some simple words in other languages.

### Procedure

- Teach the children the different languages for the following words: God, love and praise. (See the following page.)

### Explanation
