

JOSHUA AND THE BATTLE OF JERICHO

Sound the Trumpet

Activity

On the seventh day, the seventh time around the city, the priests sounded the trumpets and Joshua commanded the army to shout, for the Lord had given them the city. It wasn't just the trumpets and the people's shouting that brought the walls down – it was the Israelites obedience to Gods instructions. In this activity, the children will make a craft that will remind them to listen to Gods directions.
