

DAVID AND GOLIATH

Big Giant... Bigger God

Activity

Goliath was 9 feet tall but this did not stop David from volunteering to fight the giant. David knew that Goliath was big, but God is bigger. In this activity the children will get to see how big Goliath was!

Material

Roll of paper 9' long (or multiple sheets)

Crayons, markers, paint

Tape

Procedure

1. Using 9 feet of paper help the kids draw (and color if desired) Goliath from top to bottom.
2. Tape the 9' Goliath drawing onto the wall.
3. Have the child stand next to the drawing of Goliath so they can see how tall he was.
4. Tell the children that Goliath was very tall, much taller than David, but David was not scared to fight Goliath because he knew his God was even bigger than Goliath. Have the children try to imagine how big God is!

Explanation: Remind the children that God is bigger than any giant we may face.
