

BALAAM'S DONKEY

An Angel Along the Way

Activity

As Balaam headed to see the king, God saw his heart and wanted to get his attention. An angel stopped Balaam in his tracks so that God can remind Balaam what he needed to do. In this activity the children will connect the dots to see what stopped Balaam and his donkey. The children will learn that God sometimes has to help us to obey.

Procedure

1. Have the children connect the dots to see what stopped Balaam and his donkey in their tracks. Use "An Angel Along the Way" Activity on the following page.
2. Explain to the children that God could see Balaam's heart and he wanted to make sure that Balaam did the right thing when he got to the king.
3. Tell the children that God will help us be obedient when we are tempted to do wrong.
