

THE 10 COMMANDMENTS

Commands Wheel

Activity

God gave us the commandments so that we know how to treat God and others good. He wants us to obey these commandments because when we do we are showing our love to God and and to others. In this activity, the children will make a craft that will serve as a reminder that God wants us to obey his commandments.

Materials

Commandments Wheel Template
Cardstock paper
Crayons or markers
Brad (fastener)
Scissors

Procedure

1. On cardstock paper print and cut out the Commandments wheel template on the following page.
2. Have the children color in the Commandments wheels.
3. Use and brad fastener to attach the top and bottom circles.
4. Go through the commandments with the children to help familiarize them with Gods rules.
5. Explain that God wants us to obey these rules.

Explanation: Remind the children that God wants us to obey his commandments.

(make sure the cut pie shape lines up with the pie shape underneath. Write on the front "the 10 commandments" and using the commandments on the next activity, write on each illustration. #1 is the hand pointing up and then it goes clockwise from there.)

The Ten Commandments
