

THE SUN STANDS STILL

Prayer Power

Activity

Joshua prayed for something big! He asked that the sun and moon stand still so that he can defeat the Amorite armies. God did what Joshua asked: for almost a day the sun and moon did not move. In this activity, the children will make a craft that will remind them not to be scared to ask God to do something big.

Materials

cardstock paper
pencil
scissors

Procedure

1. Fold a piece of cardstock paper.
2. Draw the child's hand on the folded paper so that the side of the hand will attach at the fold.
3. Cut out the hand and write "There's power in prayer" on the inside of the folding hands.
4. Have the children decorate.
5. Talk about how God can do anything and with his help we can too.

Explanation: Remind the children that not to be scared to ask God to do something big.
